LinkedIn | GitHub | Leetcode | GeeksforGeeks | Portfolio

SUMMARY

Computer Science undergraduate with strong expertise in Data Structures and Algorithms, demonstrated through consistent problem-solving practice on coding platforms. Proficient in C++, Java and algorithmic thinking, with solid understanding of Operating Systems, DBMS, and Computer Networks. Interested in building efficient and optimized systems while contributing to challenging software engineering problems.

EDUCATION

Bachelor of Technology (B.Tech.) – Computer Science and Engineering
Gaya College of Engineering, Gaya, Bihar, India | Expected Graduation: 2026 | CGPA: 8.56 / 10
Diploma – Computer Science and Engineering
Government Polytechnic, Muzaffarpur, Bihar, India | 2020-23 | CGPA: 8.58 / 10

TECHNICAL SKILLS

Programming Languages: C, C++, Java, Python, Go
Web Development: HTML, CSS, JavaScript, React, Node.js
Database: MySQL, MongoDB
Backend: Python, Java
Cloud & Deployment: Google Cloud
Tools & Platforms: Git, GitHub, Linux, Docker

PROJECTS

MediSync — Healthcare Management System | Tech Stack: HTML, CSS, JavaScript, PHP, MySQL

- Developed a web-based system for real-time healthcare resource and inventory management..
- Implemented **PHP–MySQL backend** for secure data storage and retrieval.
- Designed a **responsive user interface** using HTML, CSS, and JavaScript for smooth user experience.

StegoShield — Steganography Tool | Tech Stack: Python (Tkinter), Flask, React, LSB Algorithm

- Built a tool to embed text and images inside PNG files using the LSB steganography algorithm.
- Developed desktop (Tkinter) and web (Flask + React) interfaces for cross-platform use.
- Implemented real-time preview and lossless output while preserving original image quality..

INTERNSHIP

Full-Stack Development Intern | Bytical Solutions Private Limited | May 2025 – November 2025

- Integrated JWT authentication and autosave features to enhance security and UX.
- Built scalable APIs and real-time components using Fast API, React, and MongoDB.
- Collaborated with cross-functional teams to improve UX and backend performance.

ACHIEVEMENTS

- Solved 1000+ coding problems across coding platforms.
- Participated in ICPC Contest in 2024 and 2025.
- Participated in State and National level hackathons.

CERTIFICATIONS

- **Microsoft Certified** - Azure AI Engineer Associate
- **NPTEL** - Problem Solving Through Programming in C, Programming in Java, Introduction to Machine Learning
- **Cisco Networking Academy**- Networking Essentials, Programming Essentials in C++
- **Edunet Foundation** - Foundations of AI
